## Summary

I have experience in agile methodologies and technologies such as Javascript, React, Node, CSS, HTML, SQL, SQL Server, Mongo, Firebase, Git and GitHub, CI/CD to carry out projects.

In addition to my technical skills, I am collaborative, communicative and have a great motivation to learn and grow professionally. In the work team, we achieved a good communication which allowed us to perform effectively and contribute positively to the work environment.

I am interested in the opportunity to work on innovative and challenging projects and contribute to the success of the company.
